WASHINGTON C. H., OHIO, TUESDAY, MARCH 19, 1918

Ten Cents a Week

U. S. ARTILLERY BOMBARDS HISTORIC CITY OF METZ

CONSIDERABLE NUMBER OF GAS SHELLS ARE USED BY AMERICAN ARTILLERY.

GERMAN PATROL AND AMERICAN PATROL ENGAGE EACH OTHER BETWEEN THE LINES.

AMERICAN PLANES DISCOVER THAT GERMANS ARE STRENGTHENING THEIR SECOND LINE AND IN MANY INSTANCES HAVE ABANDONED FIRST LINE TRENCHES.

ACCURACY OF AMERICAN GUNNERS IS SUPERB AND BRINGS PRAISE FROM ALL ALLIES.

With the American Army in France, March 18.—(Associated Press Cable)—American artillery on the Toul front today bombarded towns within the enemy lines. On several occasions a considerable number of gas shells were used. The gunners also dropped projectiles on German trenches. Some shells hit the town of Essey, and others in Montsec.

An American patrol encountered an enemy patrol early this morning. For an hour and a half the American patrol tried to make some of the enemy prisoners, but without results, although a number of fights with guns occurred.

The American telephone wires within the American lines were tapped again during the night.

The weather last night and today was well suited for aerial work and much was accomplished.

Last night airplanes from the rear of the American lines crossed to the German zone. Soon after many explosions were heard and seen in the direction of Metz.

American planes discovered during the night that the Germans are strengthening their second line. It is known the first line in many places virtually has been abandoned.

It is believed the accurate American artillery fire has had something to do with it.

AMERICAN BATTERY DOES THE WORK

With the American Army in France, March 18.—(Associated Press Cable)—It is now permissible to announce that American artillery in the Luneville sector has located and blown up a battery of mine throwers, one of which a few days ago obtained a direct hit on a dug-out in which were a number of American soldiers, most of them of Irish decent.

The battery has been causing a great deal of trouble for several days and the Americans were determined to put it out of action.

PRICE FIXING COMMITTEE ESTABLISHED

By Associated Press Dispatch.
Washington, March 19.—Creation of a price-fixing committee under the

war industries board which will pass purchased by the government and establish a price-fixing policy from time to time to be approved by the press was announced today by the Council of National Defense.

The object of the price-fixing committee is two-fold. First, it will be a separate body for the purpose implied in its name, and it will serve this purpose through being made up of men separated so completely from industrial interests that their action can be subject to no suspicion of mercenary interests.

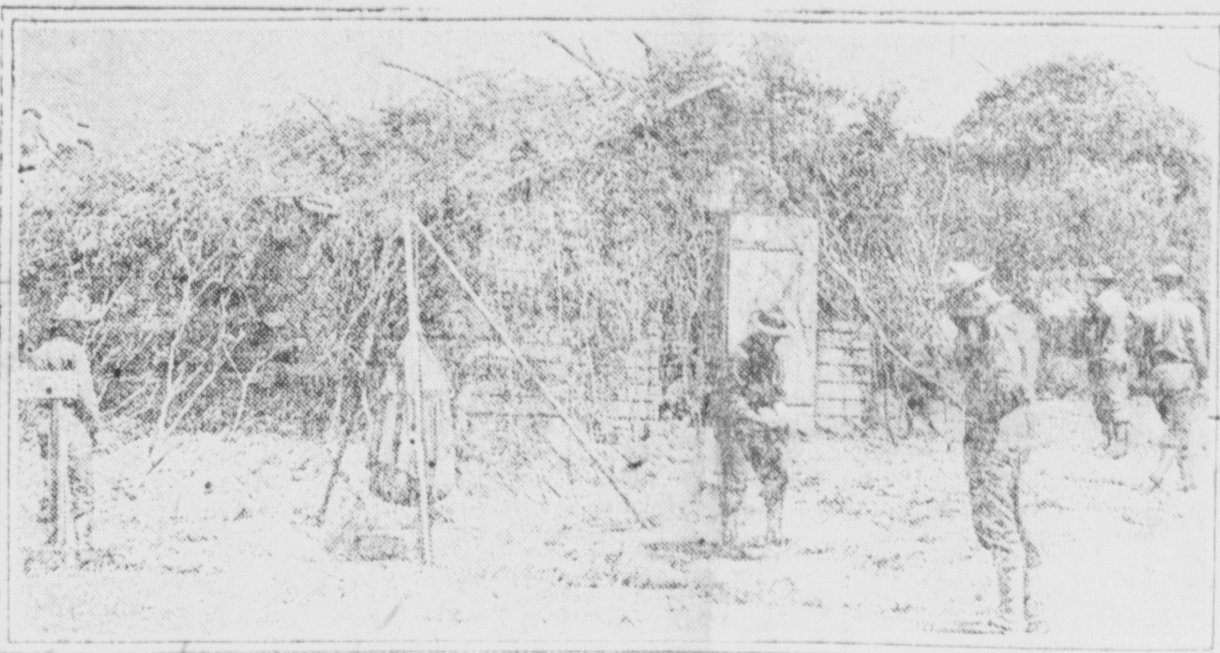

The second object to be achieved by the price fixing committee is speed. The committee will sit all the time and will thus eliminate unnecessary delay.

"OUR HEARTS ARE TRANSPLANTED TO FRANCE"

—SECRETARY BAKER.

On Board Secretary Baker's Special Train in France, March 17.—(Associated Press)—"While we are busy at home," said Newton D. Baker, the American secretary of War, in a talk to officers at the American Staff School today, "with our industrial preparations, our hearts are transplanted to France. My visit has brought me a great uplift of spirit. As a boy takes apart a watch to see how it is made in order to understand the functions of its parts, I have been taking this army apart."

CAMOUFLAGED QUARTERS OF U. S. MARINES IN FRANCE

The huts of the United States Marines in France are cleverly camouflaged with brushwood to keep them from being seen by enemy fliers. The tripod contraption in the center is the new filtered water bag used by the Allied armies.

HINDENBURG INVITES THE SPECTATORS

Intention to Lead to Belief That Big Smash in West is at Hand.

By Associated Press Dispatch.
Germany again is advertising the imminence of an offensive by her massed forces on the western front.

The word comes this time in the shape of a report that the high command has invited a number of neutral correspondents to go to the west front to witness the offensive operations and that they leave for their destination tomorrow.

This news follows quickly on the interviews given by Hindenburg and von Ludendorff the general tone of which was intended to lead to the belief that a German offensive is at hand.

That Germany should so widely herald an attack has excited suspicion that she did not intend making one.

Another view, however, has been that her real purpose is to excite just such suspicion and then strike at a moment when the allied guard had been lowered or they were preparing for an offensive on their own account.

IN THE AIR

In 255 flights carried out by British airmen into Germany only 10 British machines have been lost, it was announced in the House of Commons today.

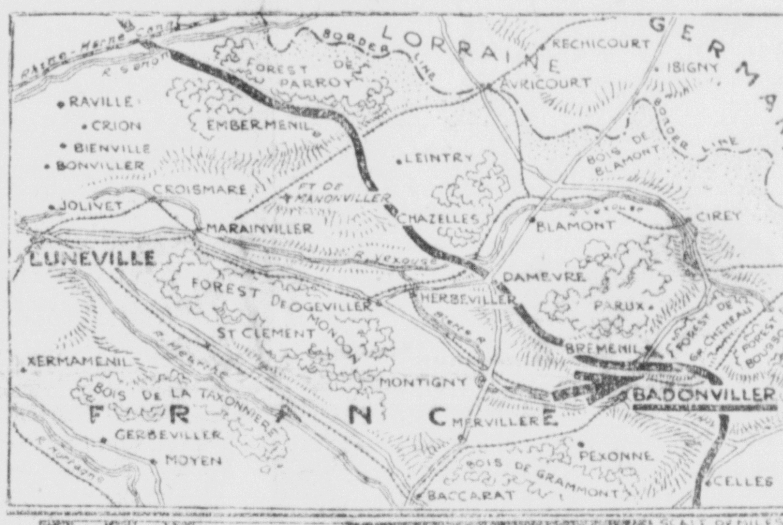

In one of the late big raids carried out yesterday the city of Mannheim was attacked and more than a ton of bombs dropped upon it.

The flights, the announcement explains, constituted 38 raids into Germany since October. The aviators dropped 48 tons of bombs. Most of the raids were carried out in daylight. The number of these expeditions and amount of explosives dropped are increasing steadily.

GERMANS TRY THE STRONG ARM ON THE SWEDES

By Associated Press Dispatch.
Washington, March 19.—Germany is charged in official dispatches reaching here today from France with having attempted to force Sweden to become a participant in the Brest-Lit-

OUR MEN TAKE GERMAN TRENCHES

The first permanent advance of the American army in France was reported in a dispatch dated March 14. It showed that our troops had taken and occupied trenches northeast of Badenville, which they had in previous raids and artillery attacks forced the Germans to abandon. The details of the map illustrate the statement in the dispatch that the consolidation of the positions enables the French and Americans to operate from higher ground than heretofore.

ovsk conferences for settlement of questions affecting the Baltics.

Failing with her diplomacy the dispatch says Germany resorted to force in occupying the Ashland Islands, landing her troops under the pretext of acting on a request from the Finns.

THE DAYLIGHT SAVING BILL IS NOW A LAW

On March 30 All Watches Must Be Set Forward One Hour.

By Associated Press Dispatch.
Washington, March 19.—The daylight saving bill was signed today by President Wilson. It puts all clocks forward an hour on the last Saturday in March and turns them back the last Sunday in October.

The daylight saving plan will go into effect and will be observed without the slightest disorganization or impairment of existing conditions. Trains will run as usual and every feature in which the element of time enters remain unchanged.

Before retiring on the last Saturday in this month the American householder may set his clock ahead and then forget the daylight saving until the last Saturday in October. On that day he will reverse the process, turning back the hands of the clock an hour and the next day the nation will again be on "sun time."

The plan's practicability and efficiency has been effectively demonstrated in twelve European countries.

"TREATMENT" GIVEN I. W. W. DISTURBER

By Associated Press Dispatch.
Yakima, Washington, March 19.—H. B. Myers, secretary of the Yakima Council of the I. W. W., was taken a mile out of town by a mob at midnight last night and given a coat of tar and feathers, told to leave and not return here.

Myers also was told to warn his associates that any other secretary of the I. W. W. who came to the town to work would receive the treatment accorded "Little in Montana." Little was hanged by a mob at Butte more than a year ago.

GOING AFTER THE TRAITORS

By Associated Press Dispatch.
Washington, March 19.—Charging that German spies constantly are tapping telephone and telegraph wires used by the War Department, Senator Owens of Oklahoma today introduced a resolution calling on the Department to furnish information on what measures were being taken to combat it.

The Senate passed the resolution without debate.

WILL DEPORT SPY SUSPECT QUARTETTE

They Have Already Been Taken to Ellis Island to be Sent to France.

By Associated Press Dispatch.

New York, March 19.—Presidential warrants for the deportation to France of the four persons arrested by Department of Justice agents here yesterday and suspected of espionage activities in behalf of Germany arrived today from Washington, but it is expected some time will elapse before the quartet is actually taken from the country.

Three of the suspects, two women and one man, have been taken to Ellis Island and turned over to immigration authorities. The other member of the ring has been ill for several days, and will be removed to the island as soon as he is better.

HYPOCRISY IS CHARGED BY VON HERTLING

Chancellor in Speech to Reichstag Says Allies Responsible for Blood Shed.

By Associated Press Dispatch.

Charging the allied powers with hypocrisy and declaring he does not wish to discuss their opinion concerning the treaty with Russia, Chancellor von Hertling has informed the Reichstag that Courland and Lithuania are united to Germany politically, economically and militarily.

In his previous speech the Imperial Chancellor had said that Courland and Lithuania would have autonomy.

"If the Reichstag adopts the peace treaty, peace on the whole eastern front will be restored as I announced February 24th," the Chancellor said.

"But among the Entente Powers there is not the least inclination to finish this terrible war. The responsibility for bloodshed will be upon the heads of those who wish continuation of the bloodshed," he continued.

SHARP CLASH IN THE HALLS OF CONGRESS

By Associated Press Dispatch.
Washington, March 19.—Debate in the House today on the war finance corporation bill brought sharp exchanges between Gillette and Representative Glass of Virginia.

Representative Gillette declared the bill gives to the President and the Secretary of the Treasury, whom he characterized as "the reigning family" absolute control of the country's business life, which he said no administration should have.

Representative Glass retorted that the Aldrich-Vreeland "currency law" gave a Republican administration absolute domination of credit and currency.

DECORATED BY FRENCH

Colonel Douglas MacArthur, who was decorated with the French War Cross for "extreme valor in participating in a French attack with French troops, in order to observe personally the methods used by infantry and artillery for such engagements, risking his life that the lives of soldiers in the future might be preserved, and capturing, single-handed, a Bavarian officer."

HANGER FALLS TWO KILLED

Tragedy at Dinnerhey Field Miami—Thirty-three Are Injured.

By Associated Press Dispatch.

Miami, Fla., March 19.—Two men were killed and 33 others injured early today in the collapse of an unfinished hanger at the Dinnerhey naval air station five miles south of here, during a storm.

Although incomplete the station already is being used for training naval air pilots and observers.

ACCEPTANCE BY HOLLAND IS DELAYED

(By Associated Press Cable)
London, March 19.—No confirmation having been received of Holland's reported acceptance of the allied terms respecting the use of Dutch shipping, Great Britain has sent a fresh notification to The Hague.

In this it is said that failing unequivocal acceptance the allies must proceed immediately to requisition.

ALL READY.

By Associated Press Dispatch.
Washington, March 19.—Requisition of Dutch ships in American waters still awaited word from London at noon today and officials indicated that actual seizure would not take place until the Netherlands Government had been heard from.

PARKER ADDRESSES THE HIGH SCHOOL

Former Physical Director Parker of the local Y. M. C. A., addressed the high school student body and faculty during the chapel period Monday afternoon. Mr. Parker explained his work in the Regimental Medical Corps who "go over the top" with the infantry to attend the wounded. He also told of the routine of the day in the cantonments. He said that although members of his corps are freed from infantry drill, they make it up in attending lectures on medicine and first aid and studying generally.

It is planned to have former members of the high school and residents of the city who are now in the army, address the students whenever it is convenient for them to do so.

CANADIANS WILL BE HERE TONIGHT

Much interest has been created in the announcement that two Canadian soldiers will speak at the Odd Fellows hall tonight and all men of the city are invited to be present as guests of the Odd Fellows, who are bringing the two soldiers to the city.

The two men were recently given leave of absence from the battle front, in order to aid the Canadian government in certain work, and the Odd Fellows feel fortunate indeed in be-

ing able to bring the two soldiers to this city that they may relate some of the things they have seen and experienced on the battle fields.

No charge will be made, and men of the city are invited to join the Odd Fellows in greeting and hearing the two men.

ASSIGNMENT MADE IN COMMON PLEAS

The following assignment of cases was made, Monday, in the Court of Common Pleas, the petit jury having been dismissed until Monday of next week.

Monday, March 25th—No. 14563, Larrimer vs. Maryland Casualty Co.
Thursday, March 28th—No. 14714, Arbogast vs. Swiss.
Friday, March 29th—No. 14793, Masters against Stewart.
Monday, April 1st—No. 14012, Moore against Commercial Bank.
Tuesday, April 2nd—No. 14487, Cockerill vs. D. T. & I. Railroad Co.
Wednesday, April 3rd—No. 14707, Darlington vs. Wilson.
Thursday, April 4th—No. 14582, Anderson vs. Wilson.

THE "Y" AND HIGH TO CLASH TONIGHT

The inter-scholastic basketball games are at an end so far as the local high school is concerned, but a final game will be played with the Y. M. C. A. tonight.

The high school five has a 41 to 18 victory over the "Y" to their credit, but the "Y" team has been strengthened since then and are expected to fight the high school to a finish.

The game will be staged in the "Y" M. C. A. gym.

SENDS CABLEGRAM ANNOUNCING BIRTH

Dr. A. A. Hyer, father of Sergeant Burnett Hyer, member of Company M., now in France, Monday sent the following cablegram to his son, informing him of the birth of a daughter:

"Wilma Jane. Both doing well. Grandpa."

The cablegram is expected to reach the happy father some time Tuesday.

COUNTY'S TRUCKS COMING THIS WEEK

The two motor trucks the county commissioners ordered will arrive some time this week, and will be used on the work of repairing the roads. The commissioners face a perplexing problem in obtaining material and labor for the repair work.

DOYLE AND HERZOG IN LIMELIGHT

CHARLEY HERZOG

LARRY DOYLE

The deal whereby Charley Herzog was sent to Boston with George Smith in exchange for Larry Doyle and Jim Barnes may be called off. It seems that Manager Stallings, of the Braves, is getting disgusted with the continued refusal of Herzog to sign a Boston contract. Herzog is holding out for a bigger salary and also wants a bonus for signing, and Stallings figures it is not up to his club to satisfy Charley. The deal was made with the understanding that all players concerned would accept their new positions, if not, it was to be called off.

WEATHER IN FRANCE MUCH LESS SEVERE THAN IN AMERICA

By Associated Press Dispatch.

Washington, March 19.—American soldiers on the battle fronts in France will probably escape our American torrid hot spells of summer and our blizzard winters, extremes of heat and cold in France being less severe. They may expect, however, periods of sustained cold in the trenches, cold of the moist, penetrating character peculiar to the continental climate of northern Europe, but in general no startling change from weather conditions at home.

An exhaustive study of the subject by Preston C. Day, chief of the climatological division of the Weather Bureau, shows that winter in northern France is not so severe from the standpoint of low temperatures, but there is a constancy of moderately cold weather which is not usually experienced in the United States. Rather low temperatures sometimes occur there, but such extremity of cold weather as has been experienced this winter in the United States is unknown. The coldest weather of record in Northern France ranges from about zero, Fahrenheit, to 10 degrees below.

Summer in Northern France is cool, as compared with most of the United States, the average temperature for July and August, the warmest months, being 63 to 65 degrees, even lower than along our northern border. Moderately hot weather sometimes occurs, but extremely high temperatures, such as occasionally are experienced in much of the United States, are unknown in France. Temperature as high as 100 never has been reported in France, while in the United States 100 to 110 degrees have occurred generally.

With the transition from winter to spring the rapid warming up, familiar to residents of most sections of the United States, is not so noticeable in France, the average temperature for March being only 2 to 4 degrees higher than for February. April and May are moderately cool and not unpleasant, the length of the day increases much more rapidly than in most sections of the United States, and there is a correspondingly large increase in the amount of sunshine, while rainfall is comparatively light, although occurring rather frequently.

The summers are pleasant as compared with much of the United States, the day temperatures being mostly moderate and the nights cool. Occasionally hot weather is experienced, but the heat is not so excessive and the heated periods are usually of short duration.

Fall also is usually pleasant, especially in September and October. The rainfall usually becomes heavier, however.

NOTICE

The women of the Episcopal church will hold a rummage sale in the Allen room on West Court St., Saturday, March 23. Any donations of clothing, etc., will be gratefully received. Please send articles to the room, Friday afternoon, or if that is not possible, call Automatic 4131. Tues-Thurs.

BUGGY SMASHED OCCUPANTS HURT

A bad smash-up occurred on N. North
street at the Temple street intersec-
tion, late Monday afternoon when a
buggy occupied by Mary Robinett and
Lawrence Robinett and the George
Melvin automobile collided.

The buggy was almost completely
wrecked, three wheels being crushed
and the buggy jammed against the
curb. Miss Robinett was painfully
bruised and suffered from nervous
shock, while her brother sustained a
painful gash over one eye.

The automobile was not badly dam-
aged.

NEW AIR COMPRESSOR

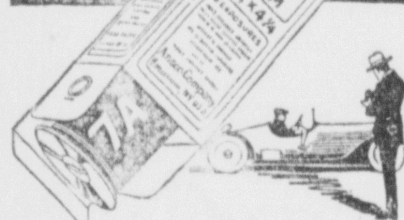

The Tire Shop, corner Fayette and
Court streets, has installed a new au-
tomatic Brunner air compressor for
supplying free inflation of automo-
bile tires, with inflation equipment on
each street.

Plant a Garden

Plant a Victory Garden. It provides the best food at the least cost. It relieves railroad congestion. It saves wheat and meat for your fighting men. Plan to plant this summer and can for next winter. War food prices can never be low. Plant a garden for economy. It is the best way to give your spare time to Uncle Sam.

Garden Seeds

Rice's and Ferry's in packages, all varieties of the best seeds for this climate; you will get the best results from the best seeds.

5 and 10 cents the package

Pakro Seed Tape

The new way to garden. Selected garden seed in thin paper tape. Plant the tape—a whole row at a time, saves time, labor and is more economical than ordinary seed. The tape acts as a wick and draws all the ground moisture, assuring earlier germination and healthier plants. The seeds are properly spaced in the tape and therefore require transplanting or thinning out. Thirty varieties.

10 cts. the package

Bulk Seeds

McCullough's Ohio grown stock, beans, peas, corn. The right seed for this climate.

Spring Opening

Quality standards of the highest type are again the features of our stocks. You'll find the clothes we're selling to be more than excellent.

Quality standards are not a matter of fleeting policy with us—our stand on that subject is very firm and unchanging—you've always had good quality from us—and you're going to have it again this season.

Good quality means SATISFYING quality—quality that keeps the clothes in trim after you've worn them—quality that makes the weaves enduring and the tailoring permanently good. These qualities are embodied in our clothes.

Society Brand and Griffin Clothes are value clothes, too—they're best right now. The clothes you ought to wear this spring are Society Brand or Griffin productions, with our label in them.

Social and Personal

Mrs. Harry Hyer, of Clinton Avenue, delightfully entertained twenty-five neighbors Monday night in honor of Mr. Hyer's birthday.

Both as a complete surprise to Mr. Hyer and as an evening of the utmost social gaiety the affair was a perfect success.

Congratulations showered upon Mr. Hyer were also extended to his wife, who had so cleverly carried her plans to successful fruition.

Music amusing contests and a delicious collation were features of the evening's entertainment. Mrs. Clark Crawford, Mrs. Frank Brakefield and Mr. Wm. Lucas won the prizes in the contest.

Easter suggestions were ingeniously carried out in both refreshments and entertainment.

The Red Cross dance, given under the auspices of the Eagles Monday night proved highly successful, both in large attendance and proceeds, the entire amount of which go to the Red Cross.

Whelpley and Miller furnished spirited music that made dancing an added joy and every thing moved off smoothly under the direction of the Eagles' Committee, Perce Pearce, chairman, S. A. Leary, Emmitt Passmore, W. J. Smith and Logan Buzick.

A sextet of Red Cross workers, Mesdames D. H. C. Bowen, H. C. Anthony, W. A. Tharp, Wert Shoop, Fuller Hess, George H. Hitchcock, served appetizing refreshments cafeteria style which increased the sum raised.

One of the best programs that the Junior Cecilians have ever presented, was given at the home of Miss Jessie Sunkle on Market street, last night.

In the four numbers rendered, all the music was descriptive, and the girls grasp the poetic thought of all the numbers in a remarkable manner.

The program was opened with a splendid interpretation of the Anvil Chorus, Ill. Trovatore, played by Miss Bernadine Norris.

Miss Roberta Stokesbury sang, "Spring Again"—Wright, which was greatly enjoyed, as all her numbers always are.

McDowell's—"Will o' Wisp" was played by Miss Ruth Brown with all the elusiveness and varied action suggested by the title.

Miss Jessie Sunkle, who possesses an unusually sweet voice, surprised the Cecilians with a Spanish solo, her voice being very well adapted to the Spanish language.

Lieutenant Paul Zimmerman is home from Camp Sherman on a fifteen-day leave of absence.

Mr. and Mrs. Fred Bailey, Mr. and Mrs. Charles Melvin were business visitors in Columbus Tuesday.

Miss Margaret Johnson returned Monday evening from Athens, where she spent the week-end at Ohio University, the guest of Miss Isabelle Shore.

Mr. and Mrs. O. E. Hines are moving from this city to Boonville, Mo., and expect to leave Thursday for their new home. During their stay in this city Mr. and Mrs. Hines have made many friends, who regret their removal to another city.

Mr. Ralph Auch of Chillicothe was the week-end guest at the home of Mr. Frank Plymire.

Miss Dorthea McDowell went to Dayton Tuesday to visit her sister, Mrs. Charles McCoy.

Miss Mary Alice Culhan comes home from Columbus, where she has been taking a business course at Bliss College, this evening, to spend ten days before going to Maple Grove Hotel for the summer.

Mr. George Davis returned Monday afternoon from Hillsboro, where he was called by the serious illness of his brother.

Mr. I. H. Bonham, who broke up house keeping in Good Hope last week, went to Dayton, Tuesday to enter the soldier's Home. He was a member of the 2nd Ohio Heavy Artillery, and will enjoy his declining

years in the companionship of his army comrades. Mr. Bonham was one of the older and highly respected citizens of Good Hope and his departure from the village is generally regretted. His nephew, Mr. C. F. Bonham, Messrs. Merritt Sturgeon and H. V. Rodgers motored over with him to the Home.

Mrs. Charles Pavey, of Columbus spent Monday with Mrs. Madison Pavey.

Miss Christine Dempsey, of Columbus is visiting her sister, Mrs. Oscar Kellhofer.

Mrs. Richard Ramsey and little daughter, Jane, returned to Akron, Monday morning after spending the week end here with Mrs. Ramsey's parents Mr. and Mrs. W. A. Tharp.

Hobart Thompson has accepted a position in the Jess W. Smith shoe department, and began his new work Monday.

Mrs. Martha E. Simpkins is over from Circleville attending to farm interests here.

Mr. N. S. Barnett was a business visitor in Columbus Tuesday, his son, Mr. Earl Barnett and Messrs. Tom and George Hartman and Mr. Roy Elliott, employees of the Barnett grocery joining him this evening to be guests of the Bour Co. at a smoker at the Elks' Club rooms.

Mr. Horace Hooker is visiting his daughter in Columbus.

Miss Hazel Rowe, of Bainbridge, was the guest of Dr. and Mrs. D. H. Rowe, Monday evening.

Mrs. E. J. Craig arrived from Columbus Monday evening to visit her daughter, Mrs. W. H. Sheridan.

Mrs. T. B. Lawhead, of Frankfort, was the guest of her daughter, Mrs. A. R. Stokesbury, Sunday and Monday.

Dr. and Mrs. H. M. Roberts had as their Sunday guests, Mrs. Roberts' brother, Mr. M. C. Allen and wife, of Columbus.

Messrs. George A. Robinson and Alex H. Ballard are business visitors in Cincinnati.

Mr. and Mrs. Spencer Calvert, daughter, Miss Ethel, and Mr. Arch Riber, visited in Hillsboro Sunday.

Miss Elizabeth Allen has resigned her position with the Wendt-Bristol Drug Co., of Columbus and accepted one with the Dahl-Campbell Co.

Miss Harriett Allen has resigned her position in Columbus to accept one with the Dahl-Campbell Co.

Mr. and Mrs. J. W. Haigler and daughter Candace and Miss Regina Allen of Jeffersonville were shoppers in Columbus, Monday.

Mrs. Mary Conner and daughter Cordelia of Dayton, Corporal C. E. Seibert, of Long Island, New York, Mr. and Mrs. C. P. Shively and children of Springfield and Miss Florence Ervin were week end guests of Mrs. E. H. Seibert, of Jeffersonville.

Mr. and Mrs. L. R. Brisbois, Mrs. Alice Holar, Mrs. H. W. Wilson and daughter, Miss Ione were the guests Sunday of Mrs. Wilson's daughter, Mrs. Fred Barrett in Leesburg. Mrs. Wilson remained for a week's visit with her daughter.

Hon. Frank C. Parrett was a business visitor in Cincinnati the first of the week.

Private David Parker of the 53rd Division, Medical Corps, is up from Camp Sherman visiting Washington friends on a five days furlough. Indications point to his leaving soon for over seas service.

Mrs. Luella Herbert has returned to her home, in Columbus after spending some time in New York to be with her son, Logan, of the U. S. Hospital Corps, before he left for over seas service. Mrs. Herbert was in the big wreck, caused by a landslide, on the Pennsylvania R. R. near

Easter Showing of Chic and Smart Models TAILORED SUITS AND COATS

Exceptionally Handsome Suits at
\$20 \$25
\$29.95 \$35
\$40 \$45 \$50
\$55 \$65

Models in Wool Tricotine, Poirer Twills, Silvertone, etc. Among these are extreme shawl collar and panel back developments also detachable vests and the tighter sleeves. The style and color range is most satisfying.

Spring suits have returned with rare originality and cleverness of design and yet their chief charm lies in their tailored simplicity. Contrasting vestees and collars are important features. Also the revival of Eton and bolero jackets is welcome news to certain types of fashion folk who find them very becoming.

Collars are narrow, round or square after merging into long revers, in some instances extending to waist line and occasionally encircling the coat to form the belt.

Again the roll of a collar may extend to the bottom of the coat, sometimes with a single button fastening or no buttons at all, the edges failing to meet by five or six inches, but held in position by a novel belt formation.

There's a decided preference manifested for the tailored suit with a closely fitted upper portion and a peplum cut upon straight lines or with fullness effected by means of circular flare or box pleats. Mention must be made also of the strictly tailored models without a seam or belt at the waist line. These are wonderfully tailored and fitted to the lines of the shoulders and bust.

Such a suit when correctly fitted is a never-ending joy to the wearer, always smartly becoming, always fashionable. Skirts generally are narrower and more snugly fitted, while double skirt effects, too, are in evidence.

Spring Suits At \$35 are Extraordinary

Our buyers have set up a new standard of quality hard to follow. They're special models, made for us by certain tailors usually giving their whole attention to the higher priced garments.

RED CROSS ACTIVITIES

Harrisburg, but was one of those fortunate in escaping without injury.

Mrs. D. S. Craig returned Monday evening from Delaware, where she spent the week end with her son, Paul.

Mrs. William DeVoes spent the past two days in Dayton.

Mrs. Charles Kibler, of New Holland was the guest of Mrs. Harley Timmons, Monday.

Mrs. J. L. Chapman and daughter, Mrs. Harry Flee spent Tuesday, in Jamestown.

The local Red Cross Chapter is in receipt of the following message: Cleveland, O., 12:40 pm, March 18. H. R. Rodecker, Secretary American Red Cross, Fayette County Chapter:

Do not let up on production of hospital supplies. Ship finished articles as fast as possible to Division War House.

F. E. ABBOTT, Director Bureau of Development. The message tells its own story. The national authorities are in need of supplies and in urgent need of them. They beseech the local organization to not abate the work of forwarding the needed supplies—especially surgical dressings and that means that our people must assist the local branch to meet the need of the authorities and the soldiers in the field.

The local chapter is without funds to proceed with the very necessary work and the local people must come to their assistance.

Chairman Craig of the local Red Cross Unit urges all of the more than six thousand members in the county to contribute and to do so at once that the work may not be halted. He urges also that the ladies of the divisional organizations and the auxiliary and affiliated organizations conduct their fairs and entertainments with an added zeal in order that needed funds may be raised.

Remember this is for the local chapter. It is our work and we must do it.

DIVORCE GRANTED

In the Probate Court Judge Allen, Monday granted a divorce to Lucile Allemang from Robert Allemang, on the grounds of gross neglect of duty. Custody of a minor child was given the plaintiff.

MEN MARRIED SINCE DRAFT DATE DRAW PLACE IN CLASS ONE

March Promises

The green grass and the swelling buds on the trees and bushes never looked more beautiful than this year. It is yet early—very early—but the evidences of coming spring are unmistakable on every hand. It is not usual for March to usher in the advance proof that winter has broken up for good and spring is at hand. March usually, by stormy weather—sleet, snow, rain and wind, with occasional icy blasts from out the north—seems determined rather to remind us that winter still maintains its grip and spring has not the right of way. The third month of the calendar year, as a rule, refuses to encourage our hopes. Sometimes we wonder how folks who never pass through the ordeals of a severe winter, can appreciate fully the coming of spring. Each fresh bit of lawn, each budding tree and bush brings joy to the thousands who have waited for the coming of spring and March is encouraging their hopes. People are anxious to be at work producing food, anxious for relief from the confinement of winter, anxious for their own good and anxious for the world. With all the discouraging conditions confronting the civilized world March promises relief at least from bad weather and an opportunity to be up and doing. Let's not count March a false prophet this year until we are compelled to do so. Let's believe this is really an exceptional third month and that April will follow up the good work.

The Offensive In The West

The announcement by the War Department, in the weekly review of the war conditions, that the much advertised spring offensive on the west front no longer is viewed with apprehension by American military men is not particularly new. People, generally, have felt, for some time that the allied forces on the western battle front were ready any time the Germans saw fit to launch an offensive. The announcement, however, that military observers no longer expect the Germans to voluntarily launch an offensive in the west, is news and a surprise to many who have been too credulous of the boastful promises and threats of the Teutons. Certainly, it seems now, developments in the east have been such as to change western offensive plans, if they ever existed. The inactivity on the western front is growing more oppressive each day to the American people, and the announcement of Monday by the War Department, coming so soon after the arrival of Secretary Baker in France, seems to justify the belief that the mission of our Secretary of War in France is not merely formal. Perhaps, too the offensive this spring, as it was last year and two years ago, will be launched by the allies.

The Agricultural Situation

The period of spring planting is now at hand and upon the success or failure of the country's farmers to plant and successfully bring to fruition large crops hangs, in a great measure, the success or failure of the war. Farmers of America last year gave this country the greatest crops in the history of American agriculture. Realizing that upon them rests the responsibility of feeding millions at home and those abroad who are fighting this great battle, they are more than eager to raise even greater crops this year. It is not necessary to tell the farmers that every idle acre this year will stand as a reproach to the patriotism of its owner—that an idle acre is a pro-German, un-American acre. He knows that and is ready to serve the flag by following the plow. The only thing which will deter him from planting will be the lack of labor and the lessened power of the farm in the taking of farm boys for the army. For it is the young, willing, capable fellows who are called from the farms and their removal lessens productive power to an extent that only those fully in touch with farm conditions can realize. Crops will not grow and be harvested unless there are men who understand and know how to cultivate and harvest. The government is cognizant of this and the whole agricultural situation is being subjected to a comprehensive study in order to discover any means that may be taken to protect and augment agriculture without precluding the orderly progress of our military plans.

Poetry For Today

IN FLANDERS FIELDS
In Flanders fields, the poppies grow
Between the crosses, row on row,
That mark our place; and in the sky
The larks, still bravely singing, fly,
Scarce heard amid the guns below.
We are the dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, but now we lie
In Flanders fields.
Take up our quarrel with the foe!
To you from falling hands, we throw
The torch. Be yours to life it high!
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders fields.
By Lieutenant Colonel John McCrea,
Canadian Expeditionary Forces.
(An Answer.)
In Flanders Fields
In Flanders fields the cannon boom
And pitful flashes light the gloom,
While up above, like eagles, fly
The fierce destroyers of the sky;
With stains the earth wherein you lie
Is redder than the poppy bloom.
In Flanders fields,
Sleep on ye brave. The shrieking shell
The quaking trench, the startled yell
The fury of the battle hell
Shall wake you not, for all is well.
Sleep peacefully, for all is well,
Your flaming torch aloft we bear,
With burning heart an oath we swear
To keep the faith to fight it through.
To crush the foe or sleep with you
In Flanders fields.
By C. B. Galbreath.

MAKE A CLEANIN' THIS SPRING

How many articles have you put away during the past year, not having any further use for them, or that have been replaced by others? Dig them out this spring and the "Want Ads" will sell them for you. And incidentally you may think of something you need but do not want to buy it new. The same medium will find someone who has stored it away and would be glad to dispose of it. Make a Cleanin' in more ways than one this spring by using

THE "WANT ADS."

SERVICE MEDALS FOR GUARDSMEN

Columbus, March 19.—The state will give service medals to Ohio national guardsmen who served at the Mexican border. Adjutant General Wood made the announcement, following his return from Camp Sheridan, Ala. The general assembly a year ago authorized the expenditure of \$5,000 for this purpose. General Wood deferred action until it could be learned whether the federal government would issue service medals to the soldiers. According to Wood, the war department's general order on the subject is worded so that nearly all guardsmen, not those of Ohio alone, are excluded as beneficiaries. Eight thousand Ohio guardsmen saw service at the border. The design of the badge has not been determined, but it likely will be a bronze medallion, probably with a ribbon of the Mexican national colors. Wood asserted he found Sheridan to be the most splendid military camp he ever saw. He cited attention to the fact that throughout last winter, with the exception of two weeks, Camp Sheridan had the best health record of any camp in the country.

OHIO TO DELIVER STAGGERING BLOW

By Associated Press Dispatch.
Columbus, O., March 19. — Ohio promises to be one big munition plant this year, for in addition to the mills which are working day and night turning out war supplies, there will be war gardens all over the State growing ammunition twenty-four hours a day, according to reports to the National War Garden Commission. The home gardeners will be off in earnest, starting War Garden Week, April 1. The American Rollin Mill Company, Middletown, whose employees planted a large number of gardens last year, has received 1,000 copies of the commission's war garden primer to help in the work. The Carnegie Steel Co., Mingo Junction, has written for some. Other places to which consignments have been sent for dis-

tribution are State Department of Library Organization, Columbus; E. W. Hovey superintendent of schools, Defiance; while among first banks to start the distribution of the booklets, which will be sent free to anyone for a 2-cent stamp for postage, are American Trust and Savings Bank, Middletown; Citizens National Bank, Xenia; First National Bank, Lima; First National Bank of Utica; Second National Bank, Hamilton. In Cincinnati, which expects to double its 223 acres of war gardens this year distribution is being made through Mrs. L. D. Drewry and Roland W. Guss, superintendent of school gardens. "Now is the time to get ready to spade to beat the Kaiser," says a statement from the commission. "Write for a free primer and make your garden a munition plant to help win the war."

Herald "Want Ads." are the salesmen who work day and night.

Coffee is clean if bought in the right place...
If coffee were white, you could see the dirt and dust on the peddler's product. Trade with your grocer—he keeps a clean store and sells clean coffee.
He sells Golden Sun Coffee in dust-proof packages. You will like it for its full weight, its freshness, its superb flavor. You'll find that it makes more cups to the pound—there's no dust or chaff in it. Try it today.

SPECIAL SERVICES AT THE CHURCHES

The Special Services at the Various Churches of the City Are Now Attracting Widespread Interest, and the Interest is Expected to Increase Rapidly.

Presbyterian Church

The Monday night meeting of the Presbyterian Church was of much interest, launching the pre-Easter religious campaign with just the right impetus and a fairly good attendance. The only foreign minister is Dr. George B. Horst, of Portsmouth at the First Presbyterian Church. Although quite young he is already recognized as one of the coming men of the Presbyterian Church. Dr. Horst entered upon his first pastorate five years ago in Philadelphia, building up in two years, the membership from 200 to 700. At the end of that

time he was called to Portsmouth, where he is doing splendid work.

Dr. Horst made a most favorable impression in his initial sermon of Monday night; his presentation forceful and his subject matter handled with pleasing directness and brevity. His personality is magnetic.

At the first call to service Dr. Horst sent in to Washington his application for Y. M. C. A. over seas work. Much to his chagrin he was refused on the ground that his father had been born in Germany. Later explanation to the government that his father had not been born in Germany, but in Schleswig-Holstein, when it was a province of Holland and before taken over by Germany, did not avail and now Dr. Horst is planning to take up Chaplain work "over there" in the near future.

To night Dr. Horst preaches on "The Saving Power." The services will be under the auspices of the Men's Bible Class, the members attending in a body.

Baptist Church

The pre-Easter services at the Baptist church last night were full of life and interest. The special selection by the chorists was inspir-

ing various persons led in earnest prayer.

The pastor's sermon was brief, timely, pointed, and made a deep impression.

His subject tonight will be, "The Quest of the Best." In addition to the chorus a solo will be sung by Mrs. John Browning. The attendance was good, last night. The song service, at 7:30 each night. A cordial invitation to all.

Church of Christ

Special services at the Church of Christ continue to grow in interest, and while the attendance last night was not up to that of previous nights it was all that could be desired.

The special number by Mrs. McDowell was timely and in keeping with the subject of the evening.

The minister preached another of his good sermons, which was highly instructive. Tonight Mr. Groves will use "Excuses" as the subject for his sermon. Services begin promptly at 7:30. Come.

Methodist Church

At the hour of services at the Grace M. E. Church Monday evening there was a good attendance, and much interest was manifested in the pre-Easter services. One of the groups, the Columbus Court, attended in a body.

Rev. Cherrington spoke very earnestly on the "Importance of Prayer."

Tonight, a brief song service will be at 7:15, led by Mr. Herron. The text for the evening's theme is, "The Effectual Fervent Prayer of a Righteous Man Availeth Much."

TIMELY TOPIC AT ST. ANDREWS TONIGHT

The venerable Jos. H. Dodshon, Archdeacon of Southern, Ohio, will preach the sermon at the special Passion Week services at St. Andrew's Church tonight, and will take for his subject, "Why Does Not God Stop the War." He will prove that Christianity is not a failure as many people might say and will also discuss the question, "How Can We Forgive Germany." This will be one of the most interesting and helpful of the Lenten services at St. Andrew's Church, all are invited to hear one of the most forceful speakers and one of the best informed men in the state discuss these above mentioned topics.

Archdeacon Dodshon delivered the same address to a large audience at the Lyric Theatre in Cincinnati last week.

60 CARS OF COAL ARRIVE THIS MONTH

Some sixty cars of coal have been received by the various dealers of the city so far this month.

The coal is going out rapidly in anticipation of a repetition of this winter's coal famine.

CHEERING SOLDIERS IN THE HOSPITALS

To bring to the sick or convalescent soldier and sailor the brightness and cheer that he needs for his quick recovery, the National War Work Council of the Y. M. C. A. has just announced an agreement into which it has entered with the American Red Cross whereby the Young Men's Christian Association places its entire program of social, recreational, educational and religious activities at the disposal of the former organization in the Army and Navy base and general hospitals of the United States. A Y. M. C. A. secretary will become a member of the Red Cross staff and will devote his entire time to the promotion of Y. M. C. A. activities among convalescent men.

Plans are being perfected for the erection by the Red Cross of what will be known as convalescent houses at each Army and Navy base and general hospital in every big cantonment and military center in the country. A part of the organization's work will be of a social, educational, entertainment and religious nature and this program will be carried out by the Y. M. C. A. secretary.

The convalescent houses will be equipped with facilities for the comfort and convenience of the men who are recovering from illness or accidents. There will be plenty of books, magazines, writing material, piano and phonograph music, educational classes and lectures and even moving picture shows.

FORMER RESIDENT DIES IN COLUMBUS

Relatives here have received word of the death of Mrs. Elizabeth Abbott at her home in Columbus, Monday morning at 6:30.

Mrs. Abbott was before her marriage Elizabeth Backenstoe, daughter of the late Robert Backenstoe, formerly a resident of this city. She was educated in the Washington public schools and the friends of those earlier days will learn with regret of her death.

Mr. John Backenstoe an uncle, Mr. and Mrs. George Grove, Mr. and Mrs. George Bryant, cousins, were summoned to Columbus, reaching the Abbott home just a few minutes before the death summons.

Funeral services will be held Thursday morning in Columbus.

CORN HUSKERS ARE APPLYING FOR WORK

Monday of this week six corn huskers applied for work at the Free Employment Bureau at the court house, and were furnished with work.

However farmers who are in need of corn huskers are asked to get busy and telephone to the Bureau, so that men applying for corn husking may be referred to them at once. At present there are more applicants for corn husking than there are for huskers.

A great deal of corn remains to be husked yet this spring, and the longer it is left in the shock the greater the spoilage, and the spoilage is already very heavy.

COUNTY BUYS MORE REPAIR EQUIPMENT

The County Commissioners, at their Monday session, purchased some additional road building equipment in the shape of an unloader and spreader, and with this equipment the work of several men can be dispensed with.

With the aid of the unloader and spreader and two large motor trucks, the county will be in good condition to handle road repair and road building to much better advantage.

MEMOIR—BARNES

Emily Jane Hill Barnes, daughter of John and Nina Hill was born in Rainsboro, Highland county, Ohio, September 17, 1868 and departed this life at her home in Washington C. H., Ohio, March 15, 1918, aged 49 years, 5 months and 28 days.

She was united in marriage to Henry Barnes December 25, 1888. To this union were born three children one daughter, Glen of Springfield one son who died in infancy and one son, Fred at home who was with her during her sickness and death.

Early in life she was converted and united with the Methodist Church when but a little child and until the close of her life lived a faithful and devoted follower of the lowly Nazarene. Besides a husband, daughter and son she leaves to mourn her loss two sisters and four brothers, Marie of Iowa, May of Tennessee, Samuel of Illinois, William and Carl of Highland county and Charles of Michigan. Mrs. Barnes was a constant sufferer for some time but bore it patiently to the end and when asked by minister if all was well with a smile on her lips she replied "all is well with me."

Moncure Kelts, Millionaire, Bribes Bride to Break Engagement

Country Girl Captures Clubman's Heart And Extracts Large Sum of Money

Music hath charms to soothe the savage breast. And so has cash. Moncure Kelts, clubman and man-around town has had to do a considerable amount of soothing with cash, and as a result is a laughing stock today. Minnie Wills, has left town for her home in Three Oaks, Iowa, burdened with a large sum of money, while Moncure spends his afternoons in the club looking up at the ceiling in a speculative mood, and thinking to himself that not all the wise ones are born in the city, and there is many a simple little country lass who can give millionaires a run for their money.

AIRING THEIR TROUBLES

WIFE AND MOTHER DIES AT 23 YEARS

The death of Mrs. Gladys F. Slavens, aged 23, wife of Geo. C. Slavens, occurred Tuesday morning at 4:15 o'clock, at the residence of Mrs. Slavens' mother, Mrs. George R. Carey, on East Temple street, and was due to mumps and complications.

The deceased leaves a husband and two children.

Funeral services will be held Thursday morning at ten o'clock, and interment will be made in the Washington cemetery.

FAYETTE SELECT GETS DISCHARGE

Charles Sheridan, son of Mr. and Mrs. W. H. Sheridan, who was one of the Fayette county selects going to Camp Sherman the first week in October, has been given an honorable discharge on the grounds of disability and returned to his home in citizen's clothes Monday.

Young Sheridan was taken ill with pneumonia eighteen days after entering the barracks and has since been in the hospital, rheumatism of a serious nature developing after the pneumonia was conquered. He is enthusiastic over the excellent treatment received during those months in the hospital and the splendid sanitary conditions under which the hospital is operated.

The young man feels that Uncle Sam did everything it was possible to do for him and gave him every chance for recovery before issuing the discharge.

CERTIFIED OVER FOR SELECTIVE SERVICE

Washington friends will be interested to learn that young "Nat" Barnett, nephew of Mr. N. S. Barnett, who accompanied his mother to Shawnee, Oklahoma, some years ago, has been certified over for special overseas service. Having been assistant cashier in the State National Bank at Shawnee in which his brother, Willard, is cashier, it is expected that he will be put in some branch of overseas banking service.

Young Barnett had three times attempted to enlist and failed to pass and had also been refused in the draft class. He is eager to go at once and has sent in to headquarters his application for immediate service.

5,000 BUSHELS SHORT.

FLAT PRICE INCREASE FOR P.O. SERVICE

By Associated Press Dispatch.

Washington, March 19.—Flat price increases of 15 percent for all employees in the postal service, whether on the annual salary day pay basis and including those of all grades and classes was recommended today by the Senate postoffice sub-committee in revising the annual appropriation bill.

The recommendations are subject to approval of the full committee.

The increases are held to be necessary to meet the increased cost of living.

CHICAGO DRY PETITIONS ARE HELD INVALID

By Associated Press Dispatch.

Chicago, March 19.—The election board today ruled that the petition of the Chicago Dry Federation submitting to the voters April 2nd the question of making the city anti-saloon territory was invalid because it did not contain enough signatures.

The board decided the dry petition has 7,571 less legal signatures than the number required by law. The decision upholds the charge of fraud made by the wets.

CASUALTY LIST MADE PUBLIC

By Associated Press Dispatch.

Washington, March 19.—The casualty list issued today by the War Department contained only 30 names. Captain Phelps Collins was included among those killed in action. Lieutenant George O. Middleditch died of accident.

The casualties were divided as follows: Killed in action 2; died of accident 3; died of wounds 3; died of disease 12; wounded severely 2; slightly wounded 8.

CAMPAIGN WEEK FOR WAR BOOKS

This is Soldiers' and Sailors' War Book Campaign Week, conducted by the American Library Association to secure desirable books for our soldiers and sailors.

War books, thousands of them, are needed for war service libraries maintained by the American Library Association in cantonments, training camps, naval stations, vessels and overseas.

Our men must have these books. They want them for their leisure hours—for recreation and for study. The men are eager to read and books must be provided.

What You Can Send

Novels, tales of adventure, detective and standard fiction, up-to-date books on all branches of engineering, the trades, business and agriculture, recent text books on military subjects and foreign languages; books of travel, history, biographies, war books, dictionaries and new encyclopedias.

Send books to Public Library this week.

MORE GAS WELLS FOR FINDLAY CITY

By Associated Press Dispatch.

Findlay, O., March 19.—Arrangements have been made by the city council to drill several more gas wells in the near future in order to conserve the fuel supply for next winter. It is said that the first well drilled 6 months ago has saved the cost of drilling in the price of coal saved.

ENROLLING BOYS IN U. S. RESERVE

The work of enrolling boys in the United States Boys' Working Reserve for agricultural work during the coming season, is under way this week, and Supt. O. S. Nelson has charge of the work in Fayette county, and has named assistants in various parts of the county to take up the work and help push it to a successful conclusion in this county.

In the meantime a large number of boys have signified their intention of doing their part on the farm, and they are being encouraged by their parents, who realize the healthful benefits to be derived, as well as pay for their work, to say nothing about their bit they will thus be doing in helping win the war.

WILL QUARANTINE SWINE PLAGUE

By Associated Press Dispatch.

Columbus, O., March 19.—Hog cholera quarantines on farms are soon to be instituted in Ohio.

This action is part of a big drive being launched for the eradication of livestock diseases in the state, particularly hog cholera and tuberculosis in cattle.

The movement is a co-operative one between the state and the Federal government.

There are two phases to it: an educational one under direction of Dr. L. P. Beechy, of the agricultural extension department, Ohio State University, and one of control, under the direction of State Veterinarian T. E. Burnett.

The Federal government is lending men for both branches of the work. Twelve hog cholera inspectors and 17 tuberculin examiners, all graduate veterinarians, will be added to the state's force of field veterinarians by the government.

Dr. Burnett expects to have the new system in full swing before summer. The board of agriculture recently gave him authority to quarantine hogs.

TO DETECT DEADLY GAS

By Associated Press Dispatch.

Lima, O., March 19.—A battalion of canary birds, recruited in Lima, is probably now on duty in European trenches. The birds are used to detect poison gases. They are said to be more susceptible to poison gas than any other living thing. As the gas crosses no-man's-land the birds become unconscious long before it reaches the trenches and soldiers use this as a warning to don masks.

Mrs. C. A. Richmond, of East North street, has been sending shipments of the birds regularly to foreign representatives. With increased demand, prices have soared, she says. Untrained birds of common stock, which formerly sold for 75 cents now bring \$2 or more.

PATRIOTIC CLASS

By Associated Press Dispatch.

Lima, O., March 19.—A history class in the Lima high school has taken a pledge to refrain from use of pure wheat bread for the period of the war. Each of the thirty members signed the pledge. It largely is the results of instruction work of Miss Drusilla Reilly, instructor in history, who has been giving food conservation talks and teaching self government.

HOLLAND'S REPLY PRACTICAL CONSENT

The Hague, March 29.—The Dutch foreign minister, Dr. Loudon, in the second chamber, made the following statement with regard to the Anglo-American demand with respect to Dutch shipping: "Holland ought to be able to count on sharing the tonnage provisioning the different countries, in accordance with the draft agreement with London. Bunker coal necessary for the transport of merchandise to Holland ought to be furnished to Dutch ships. The allied government should guarantee that no troops or war materials will be transported on the ships, which should be unarmed; that the crews should remain free to participate in navigation, and that vessels destroyed are to be eventually replaced by others immediately after the war."

Some Wonderfully Distinctive Coats and Suits

Every woman who wants to combine style and distinctiveness in dress with splendid serviceable materials, finely tailored, should take this opportunity to see the attractive new Printzess coats and suits which we are showing.

There is a smartness of line and a suggestive touch about these garments that is not to be found in ordinary ready-to-wear lines. Each embodies the very latest ideas from Paris, in fact, many of these coats and suits are exact replicas of French models. By all means call and see them.

TO RAISE RABBIT

By Associated Press Dispatch.

Danversburg, W. Va., March 19.—The raising of rabbits to reduce the cost of living will be undertaken under the direction of Wood County Agricultural Agent R. L. Buchanan. He is organizing rabbit clubs. He has secured 16 Belgian hares and six rabbits for breeding purposes. He has distributed among the clubs. The first pair of rabbits will produce between 200 and 300 pounds of meat a year. The breeds mentioned grow from eight to twelve pounds in weight.

Cashier Arraigned.

Tiffin, O., March 19.—Ervin B. Nelkirk, Republic, former cashier of the Republic Banking company indicted last week for alleged altering of the bank's books, pleaded not guilty. He also was indicted on an embezzlement charge.

Domestic Tragedy.

Columbus, March 19.—Mrs. Cecelia Alberry, 24, was reported near death from two bullet wounds above her right ear, sustained when her husband, Ivan Alberry, 24, an express messenger, shot her in a fit of rage, it is said. Alberry is under arrest.

Thousands Idle.

Warren, O., March 19.—Thousands of men have been thrown out of employment by the closing of 24 of the 33 mills of the Trumbull Steel company, owing to the shortage of finished products are ready to be shipped, but no cars are available. It is said the same situation prevails at Niles.

\$1,000 For Filling Questionnaires.

Marion, O., March 19.—Dr. A. R. Marion, member of the district draft board, announced that a number of cases had come to the board where attorneys had charged as high as \$1,000 for filling out questionnaires. Many cases of fraud have also been reported, he said. The district board now has 22,000 appeals for deferred classification, the majority of these being by farmers.

BIG DRIVE BY ALLIES IMMINENT

London, March 19.—An allied offensive is believed to be imminent on the west front.

There is hardly a sector on the western battle line which is not being marked by spirited actions, but Verdun and the Vosges regions are apparently storm centers, where big events may develop. At Verdun the opposing artilleries have been thundering for several days. In the Vosges mountains the artillery fighting is reported to be very heavy.

One of the most encouraging features of the war news may be found in the fact that the Belgian army, re-organized and ready for battle, has taken over the important coast sector in Flanders. This part of the western front has heretofore been held by the French, although British troops have made their appearance there at various periods. The latest official report said that attacks by German shock troops have been repulsed by the Belgians.

Heavy guns are battering the American sectors along the front, and many shells of large caliber have fallen. Here, however, the American guns have replied with good effect and the excellent weather of the past few days has given American air men an opportunity to take pictures of the terrain back of the German trenches.

Americans installed prepared to another gas raid on the Americans has been destroyed by American artillery fire, while American raiding parties, following out their traditional Indian fighting tactics, have kept ab-

SAN FRANCISCO BEAUTY HAS MILITARY WEDDING

PERSONS LIABLE FOR FIRE HAZARDS

The attention of Fayette county citizens has been called to a statement recently issued by State Fire Marshall, Alfred T. Flemming.

The statement issued is intended to show property owners there is a personal liability for failure to comply with orders of department to reduce fire hazards. The liability may take two forms, either personal in a property sense or criminal. The penal liability may be enforced upon conviction by fines and imprisonment, while the personal liability may be enforced in a twofold manner. The officer ordering a fire hazard to be eliminated may proceed to enforce it himself after a failure of 30 days and cause the charge to be entered on the tax duplicate. On the other hand the second clause of the personal liability is one far more serious. The liability is in the nature of a damage claim for injury to other property resulting, approximately from the failure to comply with an order. What may be accomplished by co-operation with property owners and tenants in reducing fire hazard is shown by a report compiled by the State Fire Marshall. The total inspections made in Cleveland last year by the Fire Department and other agencies for the prevention of conflagrations were 241,761. The total number of cases in which it was necessary to resort to the Police or other Courts to secure compliance was only 115, or only four thousandths of 1 per cent.

As for the bulk of your produce, please your own taste always remembering that it is better in a small garden to specialize on a few vegetables preferably those like string beans, peas and radishes, which taste better the fresher they are, than to grow little dribbles of everything. Suggestions for early planting in an average small garden: Peas, beets, carrots, radishes, parsnips, lettuce, salsify, kohlrabi, parsnips, lettuce, spinach, and (if enough room) potatoes. Later crops can be planted when some of these have been gathered. The following quantities are sufficient to plant 100 feet of row for each vegetable given. You can buy in proportion for your own needs, measuring your rows on your paper plan: Snap beans, half pint; pole lima beans, half pint; carrots, one ounce; bush limas, half pint; early cabbage, half ounce; cauliflower, one packet; celery, one packet; cucumber, half ounce; egg plant, one packet; kale or Swiss chard, half ounce; parsley, one packet; parsnips, half ounce; salsify, one ounce; summer or hubbard squash, half ounce; beet, four ounces sweet corn, quarter pint; lettuce, one ounce; onion sets, one quart; peas,

Mr. O. E. Hines, who for the past year or two has been sales manager of the Washington Gas & Electric Company, has been promoted to General Manager of the Boonville Gas & Electric Company, of Boonville, Mo. and leaves this week to assume charge of his new duties.

Mr. Hines' successor in this city has not been announced.

SINGLE TAXERS PLAN CAMPAIGN

By Associated Press Dispatch. Washington, March 19. — Ohio single tax advocates will conduct a propaganda campaign after the August primaries among nominees for places in the general assembly, in an effort to give a single tax trend to legislation when next tax laws are enacted. This course of action was decided upon at a recent meeting in Columbus of the Ohio Site Value Taxation League.

THAT SPRING GARDEN HOW TO PLANT IT

Select your garden space, measure it and draw its diagram on paper, then decide what plants to grow in those which you have marked on your map.

You must know something about the soil with which you have to work. In a general way, no matter what the soil may be, if it will grow anything at all, it will probably grow every vegetable you select.

If your garden, or a part of it happens to be moist and low ground, such crops as celery, onions and late cucumbers will do best there. If it is high, warm and dry soil it is particularly adapted to early peas, beans and other crops which you mean to grow.

If you have plenty of room, you may grow sweet corn, melons, squash and other spreading plants in addition to the ones which may be planted closely together.

Around the edges of your garden you have probably discovered places for permanent beds of asparagus and rhubarb, and for a few strawberry plants.

As for the bulk of your produce, please your own taste always remembering that it is better in a small garden to specialize on a few vegetables preferably those like string beans, peas and radishes, which taste better the fresher they are, than to grow little dribbles of everything.

Suggestions for early planting in an average small garden: Peas, beets, carrots, radishes, parsnips, lettuce, salsify, kohlrabi, parsnips, lettuce, spinach, and (if enough room) potatoes.

Later crops can be planted when some of these have been gathered.

The following quantities are sufficient to plant 100 feet of row for each vegetable given. You can buy in proportion for your own needs, measuring your rows on your paper plan:

WHERE FAYETTE MEN IN FRANCE WILL SPEND REST PERIOD

By Associated Press Dispatch.

Columbus, O., March 18.—American troops in France are to be given a seven-day furlough after four months of service in France, according to The Ohio Rainbow Reveille, published by former Ohio National Guard troops who are now in France with the Rainbow Division. The information was contained in a copy of Reveille dated "Somewhere in France, February 6, 1918," just received in this country.

The French newspaper states that this respite from duty must be spent in certain prescribed zones. The zone for the Ohio troops is in the French province of Savoie, in the southeast of France.

"Already the Y. M. C. A. has taken over several hotels at Aix-les-Bains, a watering place on Lac du Bourget, in the province and arrangements are being made to accommodate hundreds of American soldiers at rates not exceeding twenty francs a day," says the paper.

"Aix-les-Bains has a population of 10,000 and is considered one of the ideal locations in France for a soldier's rest and recreation center. Golf, tennis, dancing, theatricals, mountain climbing are some of the pastimes the province has to offer to the war weary visitor.

"The seven-day furlough does not include the time spent enroute to the province and, when necessary, special trains will be run to take care of the Sammy traffic. Strict army regulations are to govern the men while on furlough."

This announcement indicates that American soldiers in France are to be given much more liberal leaves of absence than the British and Canadian soldiers, who receive a seven-day day leave only every nine months.

WANTED—To rent large barns, stables or sheds for storing baled hay Call H. R. Rodecker at once. 62 16

WHEAT PRICE IS ONCE MORE TO THE FORE

Washington, March 19.—A higher guaranteed wheat price was demanded by western senators, who cited in a senate debate the ability of farmers to make more money raising other cereals, shortage and increased cost of farm labor and vital necessity of insuring adequate wheat supplies. The debate was on Senator Gore's proposal to increase the price for the 1918 crop to \$2.50 a bushel. A two-thirds majority is required to suspend the rules for action on the proposal, and its advocates are said not to be hopeful of mustering the necessary votes when the vote comes. Wheat price fixing, Senator Nelson of Minnesota, Republican, asserted, has been an "abject failure." He advocated an open market, with prices fixed only by natural laws, or extension of price fixing to other cereals which have increased in price and are more profitable for farmers to raise. While expressing reluctance to increase the cost of living by raising wheat prices, Senator Kellogg of Minnesota declared such action absolutely necessary in order to stimulate production and prevent a national and world shortage. Some of the senators wanted to know why the administration has not fixed a price on cotton, which is raised in the south, as well as on wheat. Other senators, speaking in support of the Gore amendment, included Borah of Idaho, Curtis of Kansas and Norris of Nebraska, all Republicans. "The result of fixing wheat prices much lower than would be obtained in the open market," Senator Norris said, "caused increases in prices of substitutes which the consumer was made to buy by the food administration, so, for the sake of getting lower wheat prices for the allies, we raised prices of everything else to the American people." He added that wheat must be produced regardless of cost. Conservation of wheat substitutes was urged by Senator Sherman of Illinois, Republican. He read the Bible story of the loaves and fishes, observing that the bread was of barley and asserting that 2,000,000,000 gallons of beer were made from barley last year. Use as food or cereals now being made into beer and its imitations was urged by the Illinois senator.

CARES FOR WOUNDED

Major Funnell, Commander of the U. S. A. General Hospital No. 2 at Fort McHenry, Maine, which will be used as a receiving hospital for American soldiers wounded at the front. Several members of General Pershing's force are now being treated at the hospital.

NEW CASUALTY LIST

Washington, March 19.—Forty-four names appear on the latest casualty list issued by the war department, including that of Captain James E. Miller, either killed in action or taken prisoner. Eight men were killed in action, six died from wounds, 12 died from disease, one died from accident, five were severely wounded and 11 were slightly wounded. Lieutenant John G. Kelly died from an accident. Lieutenant Edmund P. Glover was severely wounded, and Lieutenants John B. Graham and George H. Pondleton were among the slightly wounded. Of the eight killed in action, five previously had been reported wounded. Killed in Action—Sergeant Paul H. Long, Private Robert L. Clausen, Private William H. Hammett, Private Morris B. Morrison, Private Ira J. Rogers, Private William T. Smith, Private Tremble C. Sparks, Private Ray C. Warden. Died of Wounds—Corporal Charles H. Burke, Corporal Robert D. West, Private Crawford Z. Ables, Private Moffat E. Breese, Private Frank A. Coyle, Private Herman D. Gentry.

PENSION GRANTED

TESTED RECIPES FOR WAR TIMES

(NOTE—Send in YOUR recipes. Mail or bring them to the Herald office. This column will be kept alive just as long as sufficient recipes are received. Editor.)

Oatmeal Muffins

1 1/2 cups milk; 2 cups rolled oats; 1 egg; 2 tablespoons molasses; 1 tablespoon melted fat; 1 cup flour; 4 teaspoons baking powder; 3/4 teaspoon salt.

Pour hot milk over the oats and let soak about 1/2 hour. Add the beaten egg, molasses and melted fat. Finally add dry ingredients which have been sifted together. Bake in greased muffin tins one-half hour in a moderately hot oven.

Cornmeal Waffles

1/2 cup cornmeal; 1/2 cup wheat flour; 1/2 teaspoon soda; 1 teaspoon salt; 1 cup sour milk; 2 well beaten eggs; 1 cup boiled rice; 1 tablespoon melted fat.

Sift together the flour, soda and salt. Add the other ingredients in the order given and beat thoroughly. This serves six people.

Bacon and Bullets

Our soldiers must have bacon. Fats are quite as important in fighting this war as guns or ammunition, and bacon is one of the chief sources of fat.

Fats supply energy to the body and pork fat is more used in the army than any other, because it is more readily shipped and it is the meat best liked by the men working at hard manual labor.—Hoover.

W. C. T. U. MEETING

The Sugar Grove W. C. T. U. meeting will be held at the home of Mrs. Huldah Parrett, on East Market St., Wednesday afternoon at two o'clock. Each member is requested to bring the literature that is to be sent in the box to the penitentiary.

MONTHLY MEETING MISSIONARY SOCIETY

The Woman's Missionary Society of the Presbyterian church will meet on Wednesday at 2:30 p. m., with Mrs. Calvin Holmes, on East Street. All women of the church are urged to attend.
